Professional Summary

Final-year Computer Science and Engineering (AI & ML) student with hands-on experience in Agentic AI, Machine Learning, Natural Language Processing (NLP), FastAPI backend development and Mobile Application Development. Published researcher in the International Advanced Research Journal in Science, Engineering and Technology (IARJSET). Passionate about developing scalable AI applications, REST APIs, computer vision systems and intelligent software solutions using Python, FastAPI, React and Flutter.

Education

Bachelor of Engineering – Computer Science & Engineering (AI & ML) Present
Maharaja Institute of Technology Mysore

Professional Experience

Mobile App Development Intern Jul 2025 – Aug 2025
RunShaw Technologies Pvt. Ltd.

- Developed cross-platform mobile applications using Flutter and Dart.
- Built responsive UI components and integrated backend APIs.

Projects

People Meet Agent Python, FastAPI, Agentic AI, NLP, React
GitHub Paper

- Built an Agentic AI platform for intelligent event discovery, recommendations, and automated scheduling.

Agritech Startup Web Portal React, FastAPI, MongoDB
GitHub Live Demo

- Developed a full-stack Agritech platform with FastAPI, MongoDB, and real-time farmer services.

Smart Adaptive Traffic Management Python, YOLOv8, OpenCV

- Developed an AI-based traffic system using YOLOv8 for adaptive signal optimization.

Sentiment Analysis using NLP Python, BERT, HuggingFace

- Built a BERT-based sentiment classifier achieving 85%+ accuracy on multilingual datasets.

Rain Detection & Forecast System Python, ESP8266

- Built an IoT-based rainfall prediction system using real-time environmental sensor data.

AI Unit Converter Flutter, Dart

- Developed a Flutter application for accurate offline engineering unit conversions.

Technical Skills

Programming Languages: Python, C++

Artificial Intelligence: Machine Learning, Generative AI, Natural Language Processing (NLP), YOLOv8

Frameworks & Libraries: React, Flutter, Pandas, NumPy

Databases: MySQL, MongoDB

Version Control: Git, GitHub

Developer Tools: VS Code

Certifications

- Mobile App Development Internship – RunShaw Technologies Pvt. Ltd.

Achievements

- Published research paper in the International Advanced Research Journal in Science, Engineering and Technology (IARJSET).
- 2-Times Ideathon Winner.
- Finalist in many events.
- Successfully completed Mobile App Development Internship at RunShaw Technologies Pvt. Ltd.
- Built a production-ready Agritech platform during a 24-hour hackathon.
